2 condos in Bang Saray to rent at Beach and Mountain Condominium.

A 40 sq / m studio and a 77sq / m 2 bed 2 bath corner unit. Both condos are on the 3rd floor and have just been renovated. They are in fact about 3 years old and have never been lived in. They were originally sold without kitchens / ac etc .

Both units are 4 minutes walk from the public and Thai Navy beaches. The Navy beach area offers food and drink and fantastic views up the coast to Jontiem-----especially in the evening.

The 2 bed can easily be converted into a 1 bed by removal of a plasterboard wall which will create a very large 38 sqm bedroom en- suite.

17,000 / month for the 2 bed and 8,000 for the studio, or make offer, long term preferred.

Bang Saray town is about 5 mins using a car or bike or is certainly walkable and has several well known fish restaurants on the beach front. Other cuisines available in the town include English / Italian and Belgian / French. The town has a busy local market twice a day and there are two 7 /11 stores and a Tesco Lotus.

The UK award winning Non Nooch gardens and Siverlake Vineyard are both within a few kilometres and not to forget the soon to open Cartoon Network Water Park ----
---the largest in this part of Asia.

The condos are perfectly positioned on the edge of Bang Saray to give easy access to the Sukhumvit Road and Pattaya and U-Tapeo Airport .

What? Speak up I cannot hear you. Turn the television down.

If these are common complaints and you don't want to spend B15,000 to B60,000 for hearing aids I have the answer.

This is an analog hearing enhancer that I found works as well as my B15000 digital hearing aid and only costs B1700 (free shipping). I bought 10 of them to save shipping cost and pass on the savings to you. Some features that these units have that my digital hearing aids do not have A. rechargeable (charger included) so no more B150 per month for batteries. B. Volume control dial 1-4 settings C. 4 different earplugs sizes D. toggle switch to switch from noisy room with lots of people speaking or just watching TV with no one speaking. E. external microphone, not hidden behind your ear. F. Ritz cracker not included used to show relative size. Email me with questions or to order. Hawaiiibob4you@yahoo.com

Help Wanted or Employment Wanted

Do you need housecleaning? Regular (weekly or monthly) or just one time?

My new live in platonic friend Kristine (aka Etin) far surpasses any lady that I have ever lived with. She does not just clean, she organized, does laundry, ironing, cooking and is a fantastic lady. She already has a long time BF. If you want her to cook a meal while you are at work and she is cleaning she can do that too. You provide all tools and supplies for both cooking and cleaning. For more details email or phone me at Hawaiiibob4you@yahoo.com or 0878296824

Testimonial: *“She did an excellent cleaning. My apartment never looked so good. It is in new condition !!! Better than new !!! I would recommend her to anyone that would like a very clean place”*

If you want someone to care for an invalid or semi invalid or for your children, including tutoring them Etin is experienced and very capable. You have my personal guarantee you will be satisfied.

Contact Me for further questions or details.

PS if you need long term, live in nurse to care for you or relative I have a nurse (RN) from Philippines that will live in and take care of you for less than \$1000.00 per month, compare that to what it will cost you back home and you can pay rent, food and nursing care for the cost of a nurse back home. I cannot post pictures or give information because she is working at hospital here and

would prefer to do private care. Again contact me for details,

Any un-categorized haves or wants place here.

Hi Hawaii Bob, I am interested in buying a used Iphone 5, 4, 4s or Galaxy 4, 3, or even 2 in good condition and at a really resonable price (who does not like a reasonable price). Thank you, Jeffrey 089 896 4167

PS: Am currently using an Iphone 3 purchased on Melrose Avenue, Hollywood for 169 bucks. My reason for wanting used phones is that I do not want to be a target when traveling in poor countries such as Cambodia, Vietnam and Myanmar as well as having left my phone on a Bangkok Taxi backseat once and losing 23,0000 baht and all my contacts. TY, J
