**Animals suffering from plastic trash**

HOW DO WE  
KEEP THIS  
OUT OF OUR  
OCEANS

# HOW DO PLASTICS GET INTO OUR OCEANS?

1) Rain/winds

2) Littering

3) Drains

# HOW DO WE KEEP TRASH OUT OF OUR OCEANS?

- The main thing we need to do is to **SEGREGATE** our trash.
- **SEGREGATION** is an important step in waste management.

# HOW CAN WE MANAGE OUR WASTE?

**REUSE**  
**REDUCE**  
**RECYCLE**

- ? We can **reuse** water bottles.
- ? We can **reduce** using straws.
- ? We can **recycle** many plastic materials.

Use **reusable or degradable** shopping bags.

Look for **alternative packaging**, such as paper.

Buy **unpackaged food**.

If you can't reuse it, **refuse it**.

We can  
**REDUCE**  
by  
using  
**alternatives for plastic**

Use **paper, steel, or bamboo** straws.

Stop **intentional littering**.

Invest in **reusable containers and mugs**.

Lobby for **plastic management strategies and recycling regulations**.

# EDUCATE OTHER PEOPLE ABOUT OUR GLOBAL GARBAGE CRISIS.

- **Teach them at home**
- **Teach them at school**
- **Be a good example**

and Restoration of Humanity.**

# ABOUT THE GOOD NEWS - #PLANETCLEANUP

**Now a days**, we get a lot of **bad news** on TV, the news, and social media such as war, school shootings, crimes, extreme poverty, garbage crisis and the list goes on.. **Its sad.**

But at the end of the day, **it really depends where you look**. This is the main reason **The Good News** was born, to help increase awareness that there still are **good people** and **good news** out there, we just need to **share** more, **care** more and **love** more.

One love for Our Planet, Our Home.

# #planetcleanuphumanity

**Justine, 6-yr old boy from  
South Cotabato, Philippines**

**TGN Team reward him a shirt  
for his awesome good deed.**

He goes trending on FB after he receives the shirt. The local government youth group pay him a visit to take some pictures.

Justine, with the help of his mom, organizes a PlanetCleanup in his community.
